"Indeed, in a certain class of cases it is much superior to the latter. I allude to the sbiding debility attendant upon the tardy convalescence from grave acute diseases; and more especially to the Cuchezia and Sequels incident to Malarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyseposia, and all the Affections Peculiar to Women that are remediable at all by mineral waters. "Their great value in Malarial Diseases and Sequela has been most abundantly and satisfactorily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemie of Fellow-Fever which so terribly afflicted the Missispip Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in Fellow-Fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) i, of course, cannot undertake to say. There is no doubt, however, should the fact that its administration was attended by the most beneptial results."

REGULAR MONTHLY MEETING. Justice Richardson Furloughed-The Claim of Mr. Alexander, Stenographer-Electric

Light in Sight-More About the City Hall-

The regular monthly meeting of the Common Council was held yesterday evening at 5 o'clock. Present, Mr. J. Taylor Ellyson, president, and the following members: Messrs. Ammons. Archer, Bowie, Bryan, Campbell, Cur tis, Cutchins, Frischkorn, Griffith, Gunn, Guy, Hargrove, Hughes, Parater, Pearman, Lewis.

Rankin, Redford, Riddell, Straus, and The minutes were read and approved

by the President. GENERAL GRANT.

Mr. Turpin moved that the rules be suspended, and that the following resolution be adopted. His motion preby a rising vote unanimously.

Resolved by the Common Council of the city of Richmond, That we have learned of the death of General U. S.

Grant with feelings of profound sorrow, and as a mark of respect to that great soldier and distinguished citizen his Honor the Mayor be requested to close the public offices on the day of the funeral and request a general suspension Resolved. That the Clerk of this ody be instructed to communicate to

the family of the deceased the sincere feelings of sympathy that this body has for them in this hour of affliction and

JUSTICE RICHARDSON FURLOUGHED. The following communication from

the Mayor was read : "I feel it a duty to ask at your hands a furlough for one of our most faithful and efficient city officers, whose long and arduous duties, with the confinement and but little rest, have seriously impaired his health, while the serious and protracted illness of his wife has added gravely to his mental and physical bur-I refer to Hon. "I hope you may find it consistent with your duty and pleasure to give him a leave of absence of at least thirty days, and longer, if his necessities and

health require it."

The following resolution, offered by Mr. Campbell, was adopted : Resolved (the Board of Aldermer concurring), That leave of absence be

granted to D. C. Richardson for thirty days from August 10, 1885. IMPROVING THE FIRST POLICE

STATION. Another communication from Mayor Carrington was read in reference to the establishment of an improvement in the establishment of an improvement in the First police station. The Mayor, as chinery and apparatus, including all Bratton. They will return here in the president of the Board of Police Com- expenditures which might become nemissioners, presented a report from them urging the necessity of building a And that said commission be inthem urging the necessity of building a

bath-room and a lodging-room for tramps at the station named. On motion, the question was referred

to the Committees on Police and Old Market for action and report. CONVENTION OF CHIEFS OF FIRE DEPARTMENTS.

The Fire Committee recommended the appropriation of \$75 to pay the expenses of G. Watt Taylor, Chief of our Fire Department, while attending the coming Convention of the Chiefs of Fire Departments to be held at Long Branch, N. J. The recommendation

was adopted. STENOGRAPHER'S PAY. When the Committee on Claims and Salaries reported adversely on the payment of Mr. Alexander's claim for stenographic labor during the Cluverius trial, Mr. Pearman, from that committce, said that when the committee was considering this question he was absent in Baltimore, but that had he been present he would surely have voted for

the payment of the bill. He therefore moved that the bill be allowed. Mr. Frischkorn said he favored the payment of the stenographer's claim, but as this was a small meeting, and there were three members present who would vote against the bill, he moved to refer so much of the committee report as touched upon the stenographic report to the Finance Committee.

This was agreed to. ELECTRIC LIGHT.

Mr. Bowie, from the special con mittee on electric light, presented the following report, which was adopted "The Committee on Electric Light have awarded the contract for lighting the city with electric light for five years to the Schuyler Electric-Light Company, of Hartford, Conn., upon term and conditions as set forth in the proceedings of the Common Council on page 262 of that body. This action is in accordance with instructions as contained in resolution of City Council, approved

by the Mayor July 16, 1885." HOW THE CITY HALL MUST BE BUILT. Mr. Ellyson (Mr. Bowie in the chair)

ffered the fellowing : Whereas it is important that all questions concerning the construction of the new City Hall should be speedily be no longer delayed; and whereas the two branches of the City Council were unable to agree on the proposition to require contractors to give the work to Richmond manufacturers and mechanics; and whereas it is the wish of this community that the building should be constructed of Virginia granite and the labor performed by our own people :

therefore Resolved by the City Council (the Board of Aldermen concurring), That the Committee on Grounds and Buildpoint a superintendent of construction, who, under the direction of said committee, shall have authority to purchase the material, employ the labor and have the general supervision of the construction of the new City Hall-provided, always, that he shall employ none but Richmond mechanics.

This provides for the appointduring hard rains, as was demonstrated ment of a general superintendent of on the 23d ultimo, causing an over-construction. He did not see why the construction. He did not see why the city could not purchase its material and employ labor on as favorable terms as any contractor. He would suggest that Colonel W. E. Cutshaw be placed charge of this work. He could for the time tion and damage of merchandise, &c., besides being detrimental to the health

of the city: therefore,
Resolved by the Common Council, be relieved of some of his present duties, and could be given such assistants as he might need. Neither side was able to score until the fourth inning, when the Virginias, by good batting and fortunately bunching their hits, brought two men across the plate. They added two more in the sixth. Up to this time the visitors were un able to hit Pyle only for three scatter ing singles, and the apprehension that they would be shut out began to grow very strong. This, however, was soon removed. In the eighth inning Wetzel led off at the bat, and was hit by Pyle.

giving him his base; Parker, Hiland, McTamney, and Smith each made hits, bringing in five runs—four of them earned—putting them one in advance of the home team. The home boys then went to the bat and made two runs, not only tying the game, but putting them ahead again. The Laneasters, in their last chance, added one to their score and tied the game. Here excitement ran very high, and the crowd was in such suspense that for several minutes a whisper might be heard almost across the grounds. This, however, was soon changed.

Shetzline and Knodell have been released by Trenton. They are now playing with Manager Cummings's Jersey City Club.

On paper and by individual reputation the Nationals are a harder-hitting team than the Virginias, but in glamordispelling practice it's different. The Nationals again demonstrate that they are a good home club by winning

ner of the Southern pennant. Pitcher Gagus and Tom Morrissey, first baseman, have been released by the Nationals for some reason. Gagus has been pitching finely, and Morrissey played a good first base, besides batting well. It may be that a desire to economize caused their release. Either

Newark will probably protest the game with Norfolk July 25th. At the end of the seventh inning the score was 12 to 2 in favor of the Norfolks. The Newarks then by hard hitting made tive runs and had the bases all full with none out when Holland, the umpire, called the game, to the indigna-tion of the Newarkers, who claim that there was plenty of time to have play-The Atlanta Club, of the Southern League, like the Virginia Club, has

about the same team it started with, plays a fine, even game, and holds the lead easily, notwithstanding the great strengthening of all the other clubs. Manager Schmelz has fine judgment in ball matters and men. He and Manager Joe Simmons, of the Virginias, are a fine pair to draw to. They ought to be each in command of some League or American Association club. Were it not for the National Agreement what ruthless robbery of the weaker clubs would now be going on? SMOKE PRIXY CIGARS. MRS. WINSLOW'S SOOTHING

Hev. SYLVANUS COBB thus writes in the Boston Christian Pressuan: We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winnlow's Scottling Syrup we can speak from knowledge. In our own family it has proved a blessing indeed, by giving an infant troubled with cotic-pairs quiet sleep and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is barmiess; for the sleep which it afforce the infant is perfectly natural, and the little cherub awakes as "bright as a but-ton." And during the process of teething its value is incalculable. We have frequent-ly heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege on any consideration whatever.
